## Consignment Policies:

Room Service accepts a wide selection of home furnishings and accessories on consignment. Items that sell for more than \$50 return 60% to the consignor, while items that sell for \$50 or less are divided equally, 50% to the consignor, 50% to Room Service. Consigned items are marked down 10% each 30 days, and are kept on the sales floor for up to 4 months. After this time the consignor may pick up any unsold merchandise, or Room Service will donate such merchandise on behalf of the consignor.

Items need to be clean and in good repair. If you are interested in consigning furniture, we ask that you bring in a picture of the item(s) so that we can discuss salability, as well as possible asking price. You are also welcome to email your pictures to [jsselby@qx.net](mailto:jsselby@qx.net). Be sure to include a phone number where you can be contacted. Due to space limitations, we MUST have incoming furniture on our schedule. We regret that we are usually unable to accept large pieces that are not scheduled. If you are unable to bring in larger items yourself, we are happy to recommend a delivery service, but there is a charge for this.

Small items such as accessories, lamps, prints, etc. may be dropped off without an appointment. It is always a good idea to phone first, or check our website, [www.roomserviceinc.com](http://www.roomserviceinc.com), because at times there are dates when we do not accept consignments.

Finally, there are a few items that we are unable to accept: window treatments, rugs (other than very small sizes), appliances, pots, pans, Tupperware, and mattresses & box springs.
